Press Release

BeaconMedaes Australia and Medclair Announce Strategic Collaboration to Revolutionise Medical Gas Management

Brisbane, Australia, May 2, 2025: BeaconMedaes Australia, a leading provider of medical gas solutions, and Medclair, a Swedish innovator in sustainable nitrous oxide management, are thrilled to announce their strategic collaboration aimed at transforming the healthcare industry's approach to medical gas management in Australia.

This partnership will leverage BeaconMedaes' extensive expertise in medical gas systems with Medclair's pioneering technology in nitrous oxide purification. Together, they will deliver advanced solutions designed to enhance patient care, improve workplace safety, and significantly reduce environmental impact.

Key Highlights of the Collaboration:

- **Innovative Technology Integration:** BeaconMedaes will integrate Medclair's Central Destruction Unit (CDU) and Mobile Destruction Unit (MDU) into its product offerings. These units efficiently decompose nitrous oxide into harmless nitrogen and oxygen, ensuring a safer environment for healthcare professionals and patients.
- **Enhanced Patient Care:** The collaboration aims to provide effective pain management solutions while maintaining high standards of patient safety and comfort.
- **Environmental Sustainability:** By reducing nitrous oxide emissions by over 99%, the partnership supports hospitals in achieving their sustainability goals and contributes to a healthier planet.
- **Comprehensive Support:** BeaconMedaes will offer installation, servicing, and maintenance plans for Medclair's units, ensuring seamless integration and ongoing support for healthcare facilities.

"We are excited to partner with Medclair to bring their groundbreaking technology to Australia. This collaboration aligns with our commitment to innovation and sustainability in healthcare," said **Hardik Parikh, Business Line Manager at BeaconMedaes Australia.**

"Our partnership with BeaconMedaes represents a significant step forward in our mission to provide safe and sustainable nitrous oxide solutions. Together, we can make a substantial impact on the healthcare industry," said **Jonas Lundh, CEO of Medclair.**

About BeaconMedaes Australia: BeaconMedaes Australia specializes in medical gas systems, providing reliable and innovative solutions to healthcare facilities across the country. With a focus on safety,
